Scoring

Ski Race: The ski race will be a "dual style" course where each participant will get 2 runs and the faster of the 2 runs will be counted. Each team member's fastest time will be combined for a team total for skiing and the combined total time will be rounded down to the nearest full seconds.

Golf: The golf portion of the event will be a 9 hole, 2 person scramble on the Monupine Course, the Monupine combines holes from the Monument and Alpine Courses.

Total Score: The total score will be computed by adding the team ski race score to the team golf scramble score and the lowest total score will be declared the winning team.

Tiebreaker: Any ties for the top 3 spots only, will be broken using a "chip off" immediately following the golf portion of the event. The "chip off" will be conducted as follows; Both team members will get one chip from a designated area and the team whose ball rests nearest to the cup will be declared the winning team.

Best of Luck and Have a Great Time!
